1

1 Defendant A10 has also filed an administrative motion to file under seal the entirety of the
2 same documents referred to above because these documents contain Brocade's confidential source
3 code. Because the Court finds that these documents contain sealable information, A10's request is
4 granted. However, A10 must comply with the Local Rules regarding the sealing of documents.
5 See Civil Local Rule 79-5. The Local Rules state that requests to seal "must be narrowly tailored
6 to seek sealing only of sealable material." Accordingly, by Monday, September 5, 2011, A10 must
7 file correctly redacted versions of the sealed documents for the public record. Counsel for A10
8 should consult with Exhibits A-C to the Declaration of Nitin Gambir in Support of Motion to Order
9 A10 Networks to File Plaintiffs' Confidential Information Under Seal (ECF No. 158) for the
10 proper redaction of these documents.
